### Early 5's – Grade 12 Tuition Assistance Chart

Thanks to the generosity of the Vicariate II parishes, no family is required to pay the full cost of tuition for their children. Although the cost to educate children in our Catholic schools is more than \$12,099 per child, tuition does not exceed \$6,652 per child for any family. Therefore, every family receives a minimum of \$5,447 in tuition assistance.

Active Vicariate II parishioners may be eligible for additional tuition assistance, based on the Tuition Assistance Chart below, which is calculated by using household income. Families using the chart must supply financial information.

*Shading indicates your cost after additional assistance.*

- Current families may earn a \$100 tuition credit, if they recommend All Saints Catholic Schools to a new family, who then enroll an E5-12<sup>th</sup> grade student and remains enrolled for the year. The credit will be given in March of 2025. The new family must complete the "New Family" form in the registration packet.
- Families with income greater than \$145,000 may be eligible for tuition assistance for 3 or more children. Call the ASC Administrative Office for further information (892-2533 X 124).

PART IV

I understand I will be financially responsible for the tuition amount and/or the preschool cost for the 2024-2025 school year.

- My \$25.00 registration deposit will be subtracted from the total amount due. Deposit is nonrefundable.
• I will pay the balance in equal monthly payments (July through May) with my account being paid in full by May 15, 2025.
• I may choose to pay my account in full by June 30, 2024, to receive a 3% discount. \*
• Accounts more than 1 month overdue must be brought up to date in order for child(ren) to remain enrolled in school.
• The first monthly payment is non-refundable if I withdraw my child(ren) from the system before school begins in the fall.
• All registration materials must be complete in order to receive tuition assistance for children to start school.

Monthly tuition payments will be adjusted upon receipt of any additional credits (e.g., scholarships, boosters, earned tuition credit, Scrip, etc.). If the account is paid in full, credits will be applied to the following year's tuition.
